FYI

No matter how we try to keep things the same they always seem to change. After many years of offering recycling services to customers in markets across the U.S., AbiBow Recycling has sold most of its recycling assets and operation to Royal Oak Recycling. This sale was effective October 1, 2014. The new company is trying to get established and will be collecting your paper just like Paper Retriever did. We just wanted you to be aware of

the new look of the bin. Paper placed in the bin will then be recycled into outer paper items.
