## The Immaculate Conception

The following is from the Papal Encyclical, *Ineffabilis Deus*, given by Pope Bl. Pius IX given on December 8, 1854

“From the very beginning, and before time began, the eternal Father chose and prepared for his only-begotten Son a Mother in whom the Son of God would become incarnate and from whom, in the blessed fullness of time, he would be born into this world. Above all creatures did God so loved her that truly in her was the Father well pleased with singular delight. Therefore, for above all the angels and all the saints so wondrously did God endow her with the abundance of all heavenly gifts poured from the treasury of his divinity that this mother, ever absolutely free of all stain of sin, all fair and perfect, would possess that fullness of holy innocence and sanctity that which, under God, one cannot even imagine anything greater, and which, outside of God, no mind can succeed in comprehending fully.”
